

AMERICANS BADLY TREATED

Lieutenant-Colonel and Two
Junior Officers Charged
by French Cavalry

IN MAY-DAY RIOTS IN
PARIS THURSDAY

Many People Wounded and
150 Arrests Were
Made

Paris, Thursday, May 1 (By the Associated Press).—It was reported to-night that three deaths had resulted from the disorders incident to the May day celebration in this city to-day. There were, besides 25 persons severely wounded, 200 slightly injured and 150 arrests during the demonstration. American ambulances did efficient work in picking up the wounded, the American Red Cross attendants being cheered by the crowds.

One of the incidents of the day occurred at the Invalides bridge, where an American lieutenant colonel and two junior officers were stopped by dragoons when they attempted to cross the river. After a parley the Americans were charged upon by some cavaliers and in the melee some shots were fired.

During a clash between the police and a crowd in Place de La Bastille, in which 20 persons were wounded, a policeman shouted to the mob: "If you want to fight, go to Versailles and fight the Germans."

The mob took up the cry of "On to Versailles!" and a diversion was created which averted more serious fighting. Foreigners were prominent among those engaged in the demonstrations and the police declared to-night that virtually every leader in the crowds was either Russian, Spanish or other aliens.

VIGILANCE COMMITTEES GUARD BUENOS AIRES

They Went to Each Police Headquarters
and Told the Police That They Ex-
pected Them to Do Their Duty in
Putting Down Anarchists.

Buenos Aires, Thursday, May 1.—Vigilance committees organized by the Argentine Patriotic league, supported by military and naval detachments, prevented an anarchist demonstration during to-day's socialistic demonstrations.

President Irigoyen summoned Dr. Manuel Carlos, president of the league, yesterday, and said that socialist and anarchistic organizations had appealed to him for protection against the league, which had posted warnings that it would forcibly suppress any Maximalist disorders. The president asked what the league intended to do.

"With or without authority," Dr. Carlos answered, "the Patriotic league intends to end anarchistic efforts to break down the civilization of Argentina. It intends to prevent all demonstrations by anarchists."

This morning the league sent one civilian, one army officer and one naval representative to each of 45 police districts. Each district chief was told that the three men represented the army, navy and public, and intended to see that you do your duty to-day. The league has 2,000 armed civilians subject to call and 10,000 more have been enrolled and are ready.

With the organization of these vigilance committees there was no effort on the part of anarchistic organizations to make any disturbance and police have a list of 1,000 people who may be taken into custody at any time. Wednesday night machine guns were hidden on the roofs of the government buildings and

GET NO NOURISHMENT FROM FOOD YOU EAT

That's Why You Are Thin and Run
Down. You Can Get Real Food in
Father John's Medicine.

You may have a good appetite and eat as much food as a person in normal health, but if you are thin and run down the reason for it is that you get no nourishment from the food you eat. A weakened digestive system which does not take nourishment from the diet will easily take up the nourishment contained in Father John's Medicine, because the real food elements of this old-fashioned family medicine are so prepared that even a weakened digestion will quickly turn them into solid flesh and tissue. This enables the system to resume its normal functions and a steady gain in weight and renewed strength follows the faithful use of Father John's Medicine. Remember this pure food body-builder is guaranteed free from alcohol or dangerous drugs.—Adv.

FACE WAS FULL OF PIMPLES

Suffered 3 Months. Itched.
Cuticura Heals.

"My face was full of all kinds of pimples and they became big and red. I suffered for three months, and I was ashamed to go out. They itched so that they kept me awake at night, and I was forced to scratch."

"A friend told me about Cuticura Soap and Ointment and I tried them. I used only three cakes of Cuticura Soap and three boxes of Cuticura Ointment to heal my face." (Signed) Miss Ida Bernasche, 91 Exchange St., Chicago, Mass., June 8, 1918.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations. Sample Each Free by Mail. Address post-card: "Cuticura, Dept. B, Boston." Send anywhere. Soap 25c. Ointment 25c and 50c. Talcum 50c.

A REAL IRON TONIC

Like Pepton May Be Just What You
Need This Spring.

Probably nine people out of ten have lost or are losing their grip on health in these trying months of awful epidemics, exposure to damp, changeable weather, and association with sick people in overheated homes.

Depleted blood, loss of the red corpuscles, shattered nerves, loss of appetite, dull, dozy feelings in the head, irritability, all loudly call for the real tonic strength and nourishment that Pepton will give you. It is a wonderful corrective of anemic tendency, paleness, languor, nerve exhaustion.

Pepton restores the red corpuscles to the blood and gives a natural vigor and snap that keeps up courage, makes you cheery and helpful to your family and friends, and contributes wonderfully to the health of all. Remember this one thing—as vitally, positively true—Pepton is a real iron tonic.—Adv.

other vantage points and provincial troops were placed about the docks and railway yards. Army officers and members of the vigilance committees rode in automobiles throughout the city last night and to-day and it is understood that these precautions would not be lifted until after Sunday.

Dr. Carlos stated to-day that, beginning on Monday the league would start breaking up all known meeting places for anarchists. He has told the socialist clergies that the league does not oppose socialist or labor demonstrations, provided the anarchistic elements are eliminated. He personally led a socialist procession this afternoon.

MAY DAY CLASH IN MADRID

Several Hundred People Injured, Includ-
ing 29 Police.

Madrid, May 1.—The police and people engaged in a May day demonstration clashed here this afternoon, 29 police and several hundred people being wounded. The encounter occurred in front of the Bank of Spain.

A RECORD PRODUCTION.

Boys' and Girls' Clubs and Green Moun-
tain Guard Produce \$392,805.58 in Crops.

The response of individuals in production work as encouraged by the boys' and girls' club, department of the agricultural extension service of the University of Vermont and the Green Mountain Guard of the state department of education has been most satisfactory as will be noted from a summary report of the state production just issued.

Fourteen thousand nine hundred ninety-nine of those enrolled for work have rendered a report of their season's production. The total value of this production is \$392,805.58, giving an average of over \$25 for each producer.

The state report reveals some interesting facts. Eight hundred twenty-one acres of land were tilled, yielding crops valued as follows: Garden, \$72,435.94; potatoes, \$43,038; corn, \$28,410.20; sugar beets, \$2,900; miscellaneous crops, \$24,690.43. The value of other materials made, grown or manufactured is: Chickens, \$26,983.50; eggs, \$7,212.50; pigs, \$20,650.87; calves and cows, \$28,902; lambs and sheep, \$3,193; maple products, \$14,407; canned products, \$19,346.50; sewed articles, \$4,398.75; baked materials, \$7,538; handicraft articles, \$4,988; general farm work wages, \$86,533.39.

Not until recent years have boys and girls received the encouragement through the schools they should have had to keep them interested in their home surroundings. During the past two years every boy and girl in Vermont has been encouraged by his superintendent and teacher to produce or do other worthwhile things. During the past year there were but seven towns in the entire state in which boys and girls did not enroll for work through the schools. In some of these towns no schools were maintained. Many schools had one hundred per cent enrollment and production.

The interest of the boys and girls has been aroused in doing some real worthwhile things and it is hard to find the individual who regrets having done his or her work. They feel well repaid for the many hours of strenuous labor performed in carrying their work through to the finish. They realize that their returns have been in proportion to the thought and labor expended while their parents and school officials feel that the returns are in proportion to the encouragement and supervision given the individual boy or girl.

Every boy and girl of school age in the state is to be given the opportunity of enrolling at school during the next few weeks, to carrying on certain work at home during this year. It is expected that large enrollments will be received from the schools where pupils realize the importance of doing worthwhile things and where they have profited by the work of the past few years and wish to be a factor in making community and farm life more interesting and profitable.

Seen in Vermont.

The Castleton correspondent of the Rutland Herald has given the world something to think about in the following item:

"Philip Ransome and Mortimer Brown, while on a snowshoeing trip Monday through Frank Brown's pasture onto the old trail, saw four grouse and two fawns. They tracked the fawns for three hours, getting within 75 feet of one of them." Accepting the item as truthful, we are filled with pity for the fawns, abruptly transplanted from the fields of mythology to the rigors of a Vermont winter. No chasing nymphs, in disregard of all the conventions of polite society, for them, but snow some two feet deep. No wine-bibbing and pipe-playing for them but no end of ice and wintry winds, only a shaggy coat of hair from their hips to their hoofs and not even a sweater for the upper half of their bodies! We can see the finish of those fawns.—Hartford Courant.

Who Will Claim Them?

Letters remaining unclaimed for at the Barre postoffice for the week ending May 1 were:

Men—A. H. Buck, Fred Grace, Carl A. Hudson, Raymond Lamongne, Will Lathrop, E. F. Mayo, Henry McCabe, G. K. Ferrin, Emilio Treuba.

Barre Monument Co.
Women—Miss Kathryn Bump, Edith Cooney, Sarah Temple.

From That Cause.

A certain bishop, having partaken rather freely of lobster salad and mince pie, was suffering torments both physical and mental. When he began to improve his hostess badgered him a bit. "Why, bishop," she said, "surely you weren't afraid to die?" "Afraid to die? Oh, no," replied the bishop, "but I would have been ashamed to."—Boston Transcript.

OVERCHARGING COMPLAINTS

Made to Internal Revenue
Bureaus Against
Retailers

ALTHOUGH TAX WAS
IN EFFECT ONLY A DAY

Most of the Cases of Over-
charge Were Consid-
ered Accidental

Washington, D. C., May 2.—Complaints have begun to reach the internal revenue bureau of retailers charging more than the actual tax on so-called luxuries, such as expensive articles of clothing and other personal equipment, although the new taxes went into effect only yesterday.

Reports so far indicate that most cases of overcharging were accidental. Officials were prompted, however, to issue a reminder that overcharging a tax may render the dealer or clerk liable to a fine of \$1,000 and a year's imprisonment. Dealers were urged to study the law and the preliminary regulations which can be supplied by revenue collectors.

In case of the luxury taxes, it was emphasized to-day that the tax of 10 per cent is imposed only in excess of cost above a certain sum specified in the law for each kind of article, and not in entire sales price.

Clerks also were urged to ascertain that beef tea, coffee, sandwiches, cake, ice cream in buckets and medicinal preparations often sold at fountains are not taxable.

A few complaints to the bureau related that customers were charged by druggists more than the one cent tax imposed on each 25 cents or fraction of the cost of toilet and medicinal preparations.

ARTILLERY FIRE IS HEARD IN MUNICH

As German Government Forces Close in
on the City the Red Leaders Are
Imposing More Misery on
the People.

Berne, Thursday, May 1.—The artillery fire of the German government troops is audible in Munich and is constantly nearer, according to private advices received from that city. The government troops hold all the important points about Munich and are masters of the railroad communication in that region.

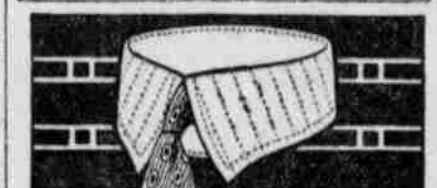

The Red Guards are reported to be demoralized and to be plundering the banks. The communists are threatening to massacre the bourgeoisie when the government forces attack the city, according to reports. The misery of the people is said to have reached an unbearable point.

TREATY IN MANY CHAPTERS.

The Later Chapters Have Not Been Com-
pletely Framed.

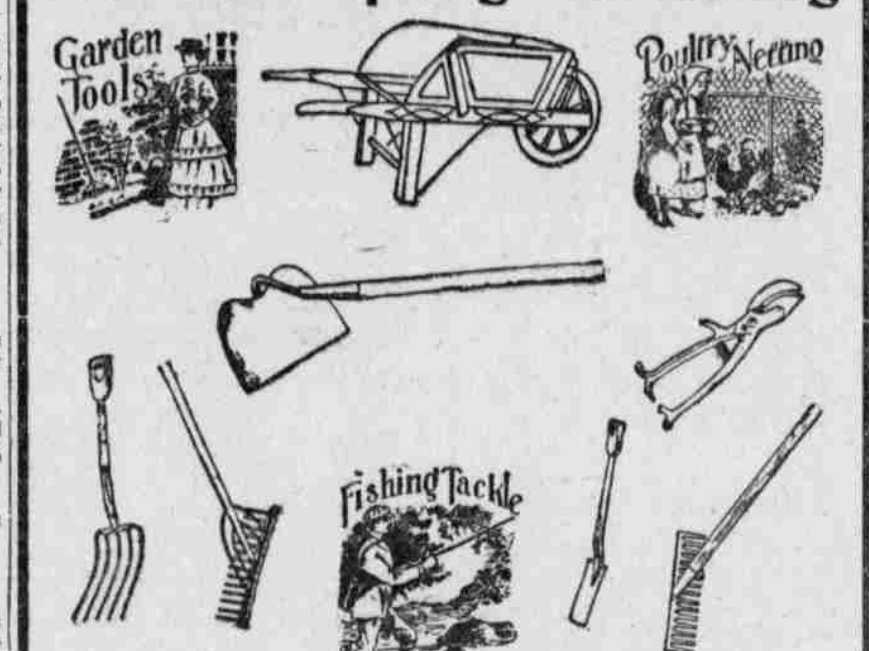

Paris, May 2.—The treaty of peace comprises from 15 to 20 chapters, according to Marcel Huin of the Echo de Paris. The preamble is contained in the first chapter, setting forth the reasons why the various contracting parties entered the war and mentioning the necessity for the league of nations. The second chapter deals with the German frontiers, and the third contains all clauses connected with alterations of frontiers resulting in changes in the sovereignty of territory. The fourth sets forth the military, naval and aerial clauses and the fifth takes up the disposition of the German colonies, it is said.

The other chapters are not yet finished, but they will concern reparations, economic and financial questions and will deal with the international labor legislation treaty. The treaty concludes with a chapter concerning the guarantees for

POS-LAM BRINGS QUICK COMFORT TO ANGRY SKIN

When angry itching skin cries through every nerve of your body for relief, turn to Pos-Lam and let it soothe and allay all inflammation. Learn how efficient Pos-Lam is, what splendid help it can render in healing eczema, disposing of rashes, pimples, acne, scalp-itch and like disorders. The test is to apply Pos-Lam at night to a small affected surface and in the morning to look for improvement. The effect of its concentrated, healing energy shows amazingly soon.

Sold everywhere. For free samples write to Emergency Laboratories, 243 West 47th Street, New York City.

Urges your skin to become clearer, fresher, better by the daily use of Pos-Lam Soap, medicated with Pos-Lam.—Adv.

The Fruit Crop Prospect.

On the heels of a prediction of a big fruit yield there usually comes a spell of cold weather. The weather man has been true to form this year and sent some frost to various sections during the last week, but the weather bureau says that slight damage was done. Hence it seems that the crop has weathered the recent blow and unless there are more severe temperatures than have been reported recently, the Purdue prophecy will stand.

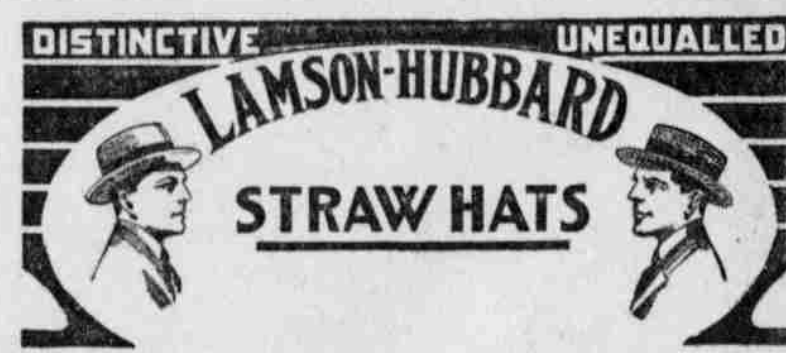

Assuming that there will be plenty of fruit it is well to begin early to think the best way to get it from the producer to the consumer. Frequently, in recent years, retailers have offered such low prices for apples that the growers would not take the trouble to bring them to market, but when the consumer tried to buy apples he found the price was high. This has been true also of other fruits. The grower takes the time and trouble to produce crops and he is entitled to a fair price. The consumer offers the market for such things, and if the price is made exorbitant he will not buy. Somewhere along the line there must be re-

form. Unless the middleman can be induced to offer a ready and continuous market and keep the fruit moving at reasonable prices there is no excuse for his existence. A sharp watch should be maintained, early in the season, on buying and selling prices. If it is found that the farmers are being paid low prices and the buyers being charged high ones some

system should be introduced whereby the products of the orchards and fruit patches can be marketed direct to the consumer.—Indianapolis News.

Must Be Hungry Indeed.
